COMMUNICATION TOOL WITH TROOP 511

# WHAT IS BAND?

- Band will replace Troop News

- Band is a great communication tool

  - It will allow Patrols to chat with each other more easily.

  - Outing information can be targeted to those on the outing

  - We can Create Events

  - Create and View Photo Albums

# ALBUMS

Albums will be maintained by the Leadership, and there will be at least an album for each outing, and merit badge sessions.

Photos will be held indefinitely and can be downloaded full size.

This will not replace the photos we upload to our Camping 511 Facebook page but will be in addition to that site.
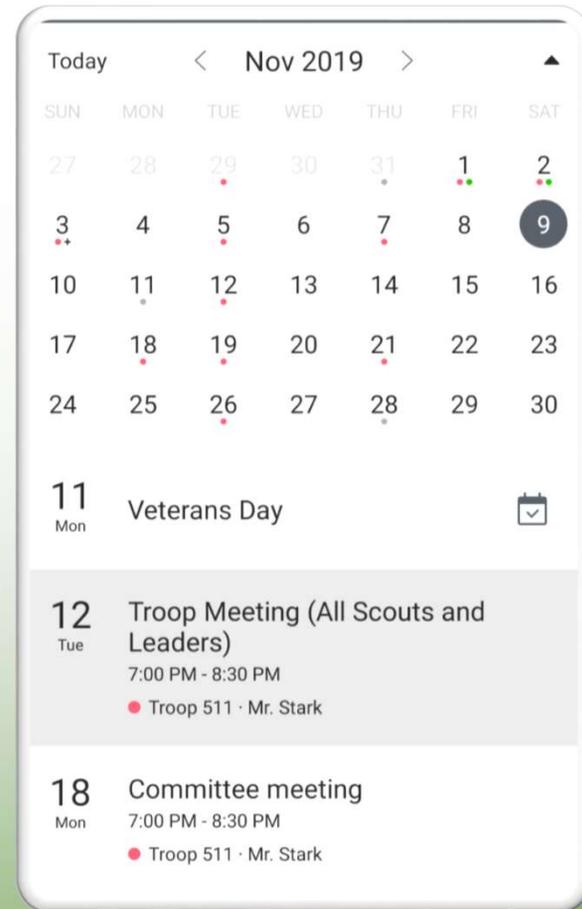

# CALENDAR

The calendar has been synchronized to the Troop Calendar, any events on that calendar will show up here as well. The Band app can also be configured to alert when there is an upcoming event. Check the settings to turn this on.
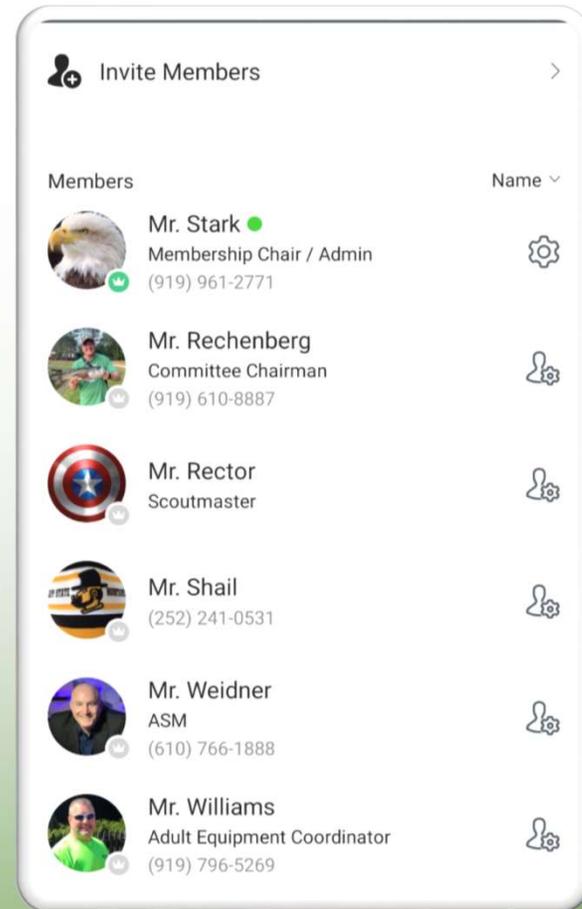

# MEMBERS

The member page will show you all of the members currently connected to the Troop Band group.

Items like Online status, Phone number, Title, among other items can be configured to be shown or hidden when editing your profile.

All of the leadership is easily identifiable as their names begin with a "Mr." or Mrs." along with their title under their names.
